---

Deliver frictionless and comfortable audio experience for personal communication.

- UC Workstation
- Crystal-clear voice
- Comfortable wearing
- Smooth connection

Hands-Free Speakerphone

Wireless Charging Stand

4-inch Multitouch Console

USB Hub

Acoustic Shield Technology

Multiple Devices Connection

Customizable Busylight

## Yealink Headset Strengths uc workstation

UC Workstation, an innovative product concept applied in Yealink WH6X Series, aims to redefine your workspace in terms of simplifying working environment, boosting productivity and work flexibility.

### All Devices in One

The UC Workstation combines a full-duplex speakerphone, USB hub, a wireless charging stand, and a control pad for call control and device connections. It helps consolidate the things you need for your daily routines, and cut down the complicated cabling at your desk, providing more possibilities and convenience for collaboration.

### All Connection in One

Built-in Bluetooth and USB connections allow the UC Workstation to connect 3 devices simultaneously, from PCs to mobile phones and desk phones. You can easily manage calls and meetings on the UC Workstation.

### All Control in One

Manage devices connections, control calls, or change your preference settings all on the 4-inches touch console with the intuitive user experience. Users can easily answer, hold, or mute calls, or switch calls between multiple devices, or continue a conversation on the speakerphone with one touch.

## Deliver HD Voice with Noise-canceling Microphones

Applied industry-leading technologies, including Yealink Acoustic Shield Technology, de-reverberation, and full-duplex features, the noise-canceling microphone, Yealink Headset Series deliver extremely clear audio experience without distractions even in some noisy environment.

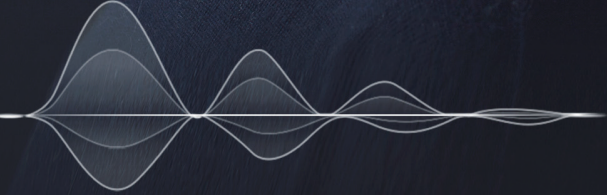

## All-day-wearing Comfort with Lightweight Design

The ergonomic lightweight design of Yealink Headset Series ensures enough comfort for long conference calls and all day use.

 Soft leather ear cushions	 Breathable wearing	 Lightweight design	 330° adjustable microphone
--	---	---	--

## Broad Compatibility with Mainstream UC Applications

Yealink Headset Series are perfect matching with Yealink IP Phone, offering optimized audio quality and more enhanced functions. Certified for Microsoft Teams, the WH6X series and UH Series provide a Teams version, bringing more consistent call experience in daily work.

**Recommended Users:** Chief executive / senario / manager / SOHO  
**Recommended Scenarios:** Home office / private office / hot desking  
**Workstyle Preference:** Intelligent, flexible, seamless

The Yealink premium DECT Wireless Headsets WH66 & WH67 X UC Workstation give users the possibility and flexibility to connect devices, and manage communications from a single device, and also act as a hub that integrate a full-duplex speakerphone, fast charging wireless mobile phone dock, 4 inch touch console, and high speed USB hubs which, together offer incredible set of features allowing you to meet, connect and collaborate seamlessly and intelligently.

**Recommended Users:** General staff / receptionist / call center operator  
**Recommended Scenarios:** Home office / open office / call center / co-working space  
**Workstyle Preference:** Efficient, simplified, productive

With the Yealink Essential DECT Wireless Headsets WH62 & WH63, interruptions will no longer be an issue for users who want to stay focused at work, especially with the use of the Yealink branded Busylight, providing a visual cue and indicator that help to reduce distractions and eliminate interruptions. Plus, with Yealink DECT technology, users are able to move around the office without losing their calls, with up to 160 meters' mobile range and up to 14-hour talk time, which brings greater flexibility to your daily communication.

# SPEAKERPHONE SERIES

Ensure comfortable and distraction-free communication whenever you need.

- High-quality audio
- Portable design
- Intuitive user interface
- Intelligent connectivity

## Yealink Speakerphone Strengths

### High-quality Audio

Yealink Speakerphone Series deliver crystal-clear sound by the omnidirectional microphone, full-duplex and distraction-free noise canceling technology, allowing users to be heard and involved in the meeting.

### Portable Design

Lightweight designed, Yealink Speakerphone Series are small and compact enough to carry in a laptop bag or backpack. (A travel case is also included.)

### Intuitive User Interface

Multiple buttons with LED indicators provide users with easy-to-understand guidance. Deep integrated with Microsoft Teams with a dedicated Teams button, making it even easier to achieve Teams collaboration.

### Intelligent Connectivity

Yealink speakerphones are able to connect to PCs, tablets, and smartphones via the USB cable, Bluetooth, and the BT dongle, supporting up to two simultaneous connections.

### CP700

Medium Level Portable Speakerphone

**Recommended Users:** SOHO / home worker / senior with personal office

**Recommended Scenarios:** Personal desktop / small office room / private space

**Workstyle Preference:** Comfortable / efficient / mobile

Yealink CP700 is the portable, personal speakerphone that rewards you with a trouble-free plug and play connectivity, so that you can connect it to your PC, tablet and smartphone via Bluetooth wireless pairing and USB wired connection. To let you feel free to sit at any end of the table or walk around your office room, CP700 packs itself with Yealink HD voice quality.

### CP900

Premium Level Portable Speakerphone

**Recommended Users:** SOHO / home worker / chief executive with independent office

**Recommended Scenarios:** Personal desktop / medium office room / private space

**Workstyle Preference:** Productive, collaborative

Yealink CP900 is a high-performance portable speakerphone that is flexible and scalable for both personal using and meetings up to 6 people with HD audio experience. Yealink CP900 rewards you with a trouble-free plug-and-play connectivity to connect it to PC, tablet and smartphone via Bluetooth wireless pairing and USB wired connection.

# IT TOOL YEALINK USB CONNECT

Personalize and manage your Yealink headsets, webcams and speakerphones.

- One for all
- Easy to use
- Keep it running

Pre-provision

Remote control

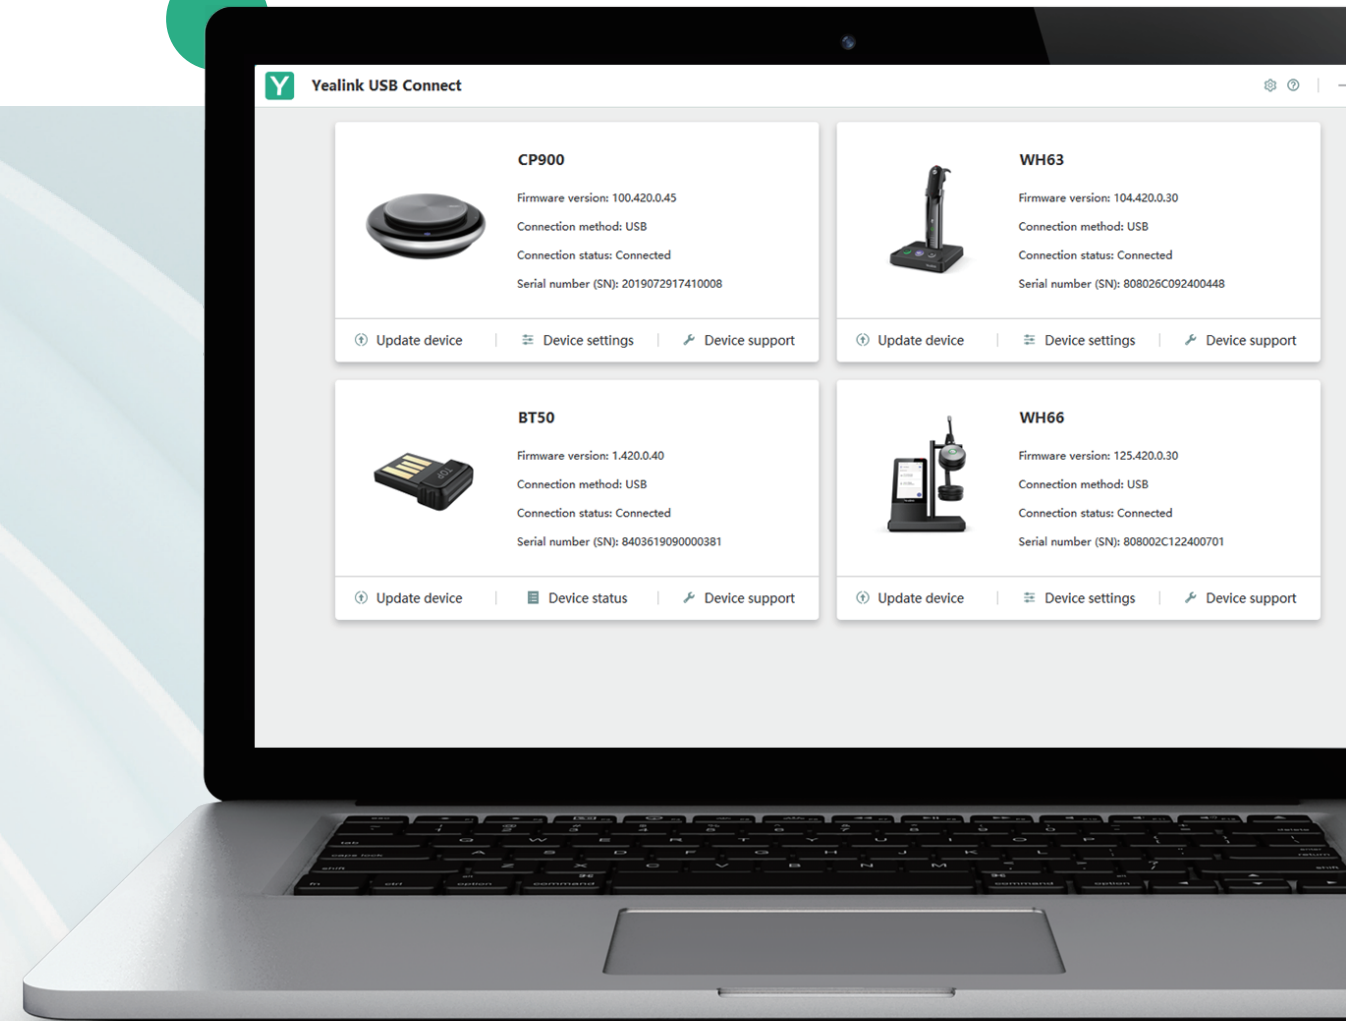

Timing tasks

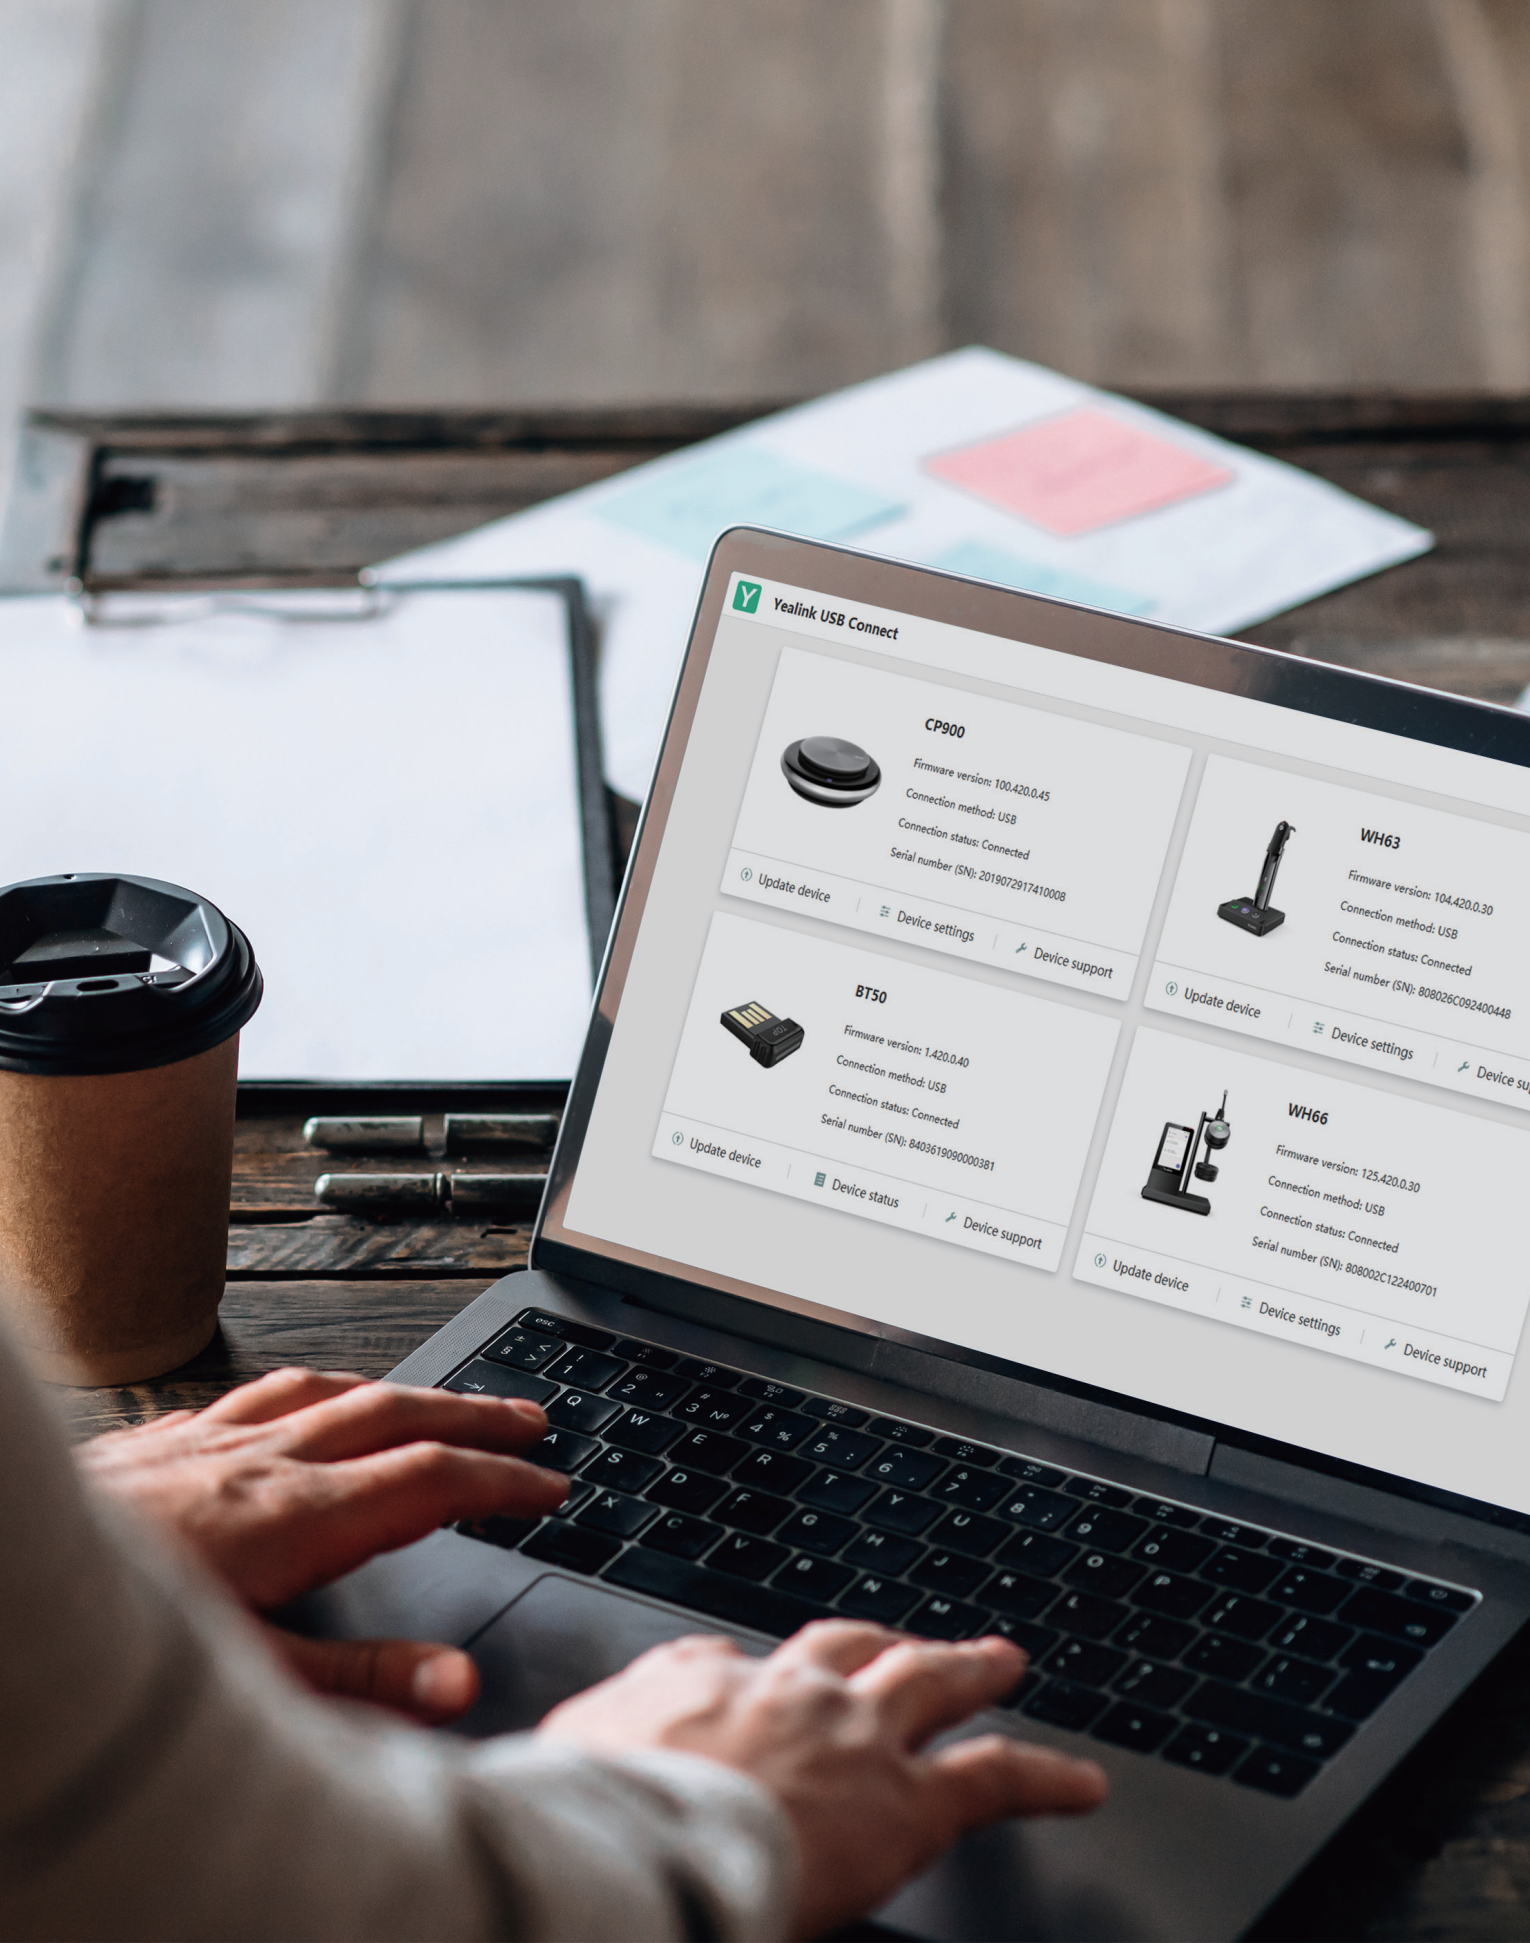

Real-time alarm and diagnoses

Mass configuration

## Yealink USB Connect Strengths

### One for All

Yealink USB Connect is available for the management of multiple Yealink USB devices, including headsets, speakerphones, and webcams.

All the settings can be done through Yealink USB Connect, for example, the setting of the basic and premium function of WH66, which is convenient and efficient for daily use.

### Easy to Use

Yealink USB Connect is easy to operate during daily management. One-click to set up and upgrade ensures all hardware up to date and enables you to enjoy the latest features all the time. Also, one-click to reset or restart is available if you need it.

### Keep It Running

Yealink USB Connect enables to quickly check out any device problem and collect the log data, which is convenient for IT maintenance. Moreover, it's available for the audio device to choose logging level and record certain audio for accurate problem analysis.

Yealink is committed to helping the clients make the most of  
their UC experience and embrace the power of  
**"easy collaboration, high productivity."**
